

OTHER FEATURES

AUTO RANGING MODE

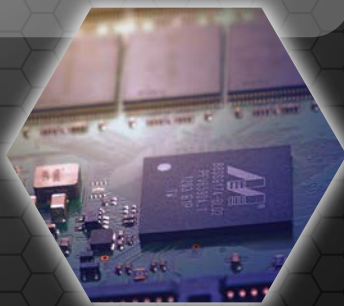

The IOPEDAL impresses with its intelligent calibration function. After installation, all relevant signals from the accelerator pedal are recorded and an optimized map is generated. This ensures that every drive program is perfectly matched to the specific characteristics of the accelerator pedal.

FLAVOR SELECT

The versatility of the IOPEDAL is also reflected in the Flavor Select function. This allows the four different driving modes and the valet mode feature to be set in different characterizations: Standard, Precise and Power.

More than +70 custom settings!

SMARTPHONE APP

📱 IOPEDAL APP

The accelerator pedal tuning can be set with the IOPEDAL-App. A smart alternative to the wireless remote. Operation is intuitive, simple and clear.

- 

4 Driving Modes - adjustable

DRIVING MODES

### TRAFFIC

Difficult terrain or heavy traffic?

This mode allows you to drive more relaxed. The sensitivity of the accelerator pedal is reduced, especially when starting off.

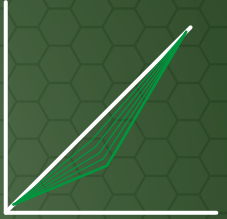

### ECO

You can save fuel and reduce costs with an economical driving style.

The Eco Mode helps you to increase the range and thus optimize consumption!

### SPORT

Enjoy improved responsiveness and more direct acceleration.

The optimized response time unleashes the hidden potential and renews your enthusiasm and passion for your car!

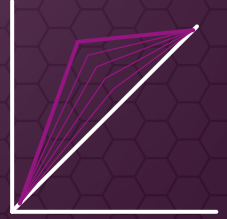

### XTREME

This mode redefines driving performance. The Xtreme Mode unleashes the absolute potential of your vehicle.

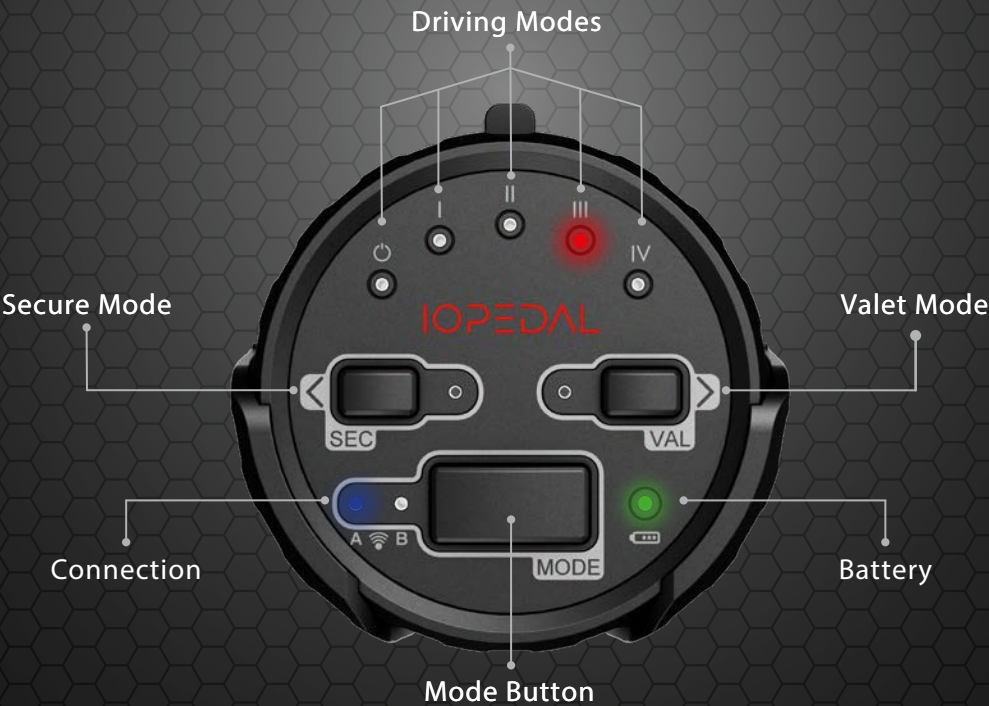

Enjoy maximum dynamics and unsurpassed performance on the road.

PRODUCT FEATURES

-  4 driving modes to improve the response behavior and driving characteristics
-  Remote control - wireless, flexible and intuitive
-  Auto-Ranging function - intelligent calibration for individual tuning
-  Secure Mode - additional protection with the IOPEDAL immobilizer
-  Valet Mode - adjustment of vehicle performance for special situations
-  Smartphone app available for iOS and Android

REMOTE CONTROL

SAFETY FEATURES

### SECURE MODE

Protect your vehicle even better with the IOPEDAL immobilizer!

A simple press of a button and the next time you start the engine, your accelerator pedal will be disabled. This provides effective protection against theft. Give your car

### VALET MODE

Limit the performance of your vehicle when strangers or inexperienced people take the steering wheel.

Hand it over with confidence while maintaining control - for a clear conscience, no matter who is driving.
